

# The Groove Company

## Checklist

**Reliability** - The Groove Company are always punctual, polite, helpful, smart & take pride in their work.

**Versatility** - Unlike other bands who may perform the same 20 songs everynight, TGC are renowned for their large repertoire that covers many different styles - anything not performed live is probably covered on CD. TGC perform a different set every night to suit the audience.

**Fulltime pro musicians** - TGC provide excellent professional musicians that have played with 'named' recording artists, eg. Toyah, Limahl, Monkees, Jamie Cullum, Nick Heywood, Paul Young, Roy Wood, etc..... If you book an amateur band, say 12 months in advance of your function, can you be sure they will still be a band when it comes to your function date.

**Repertoire** of over 600 songs - see versatility

**Contract** - TGC provide a booking form which lists all relevant details regarding the engagement. This offers peace of mind to both the artist & client to know that both parties are fully aware of all the details involved.

**Disco / Background CD's** - TGC offer CDs in the band breaks for both dancing & background. The CD collection is extensive and TGC welcome requests, just like a normal disco. Your function can lose momentum if there are periods where nothing is happening.

**Stage lighting** - TGC provide stage lighting to illuminate the members of the band. If the venue does not have stage lighting this is an essential requirement that is often overlooked.

**Disco lighting** - TGC provide disco effects lighting to illuminate the dancefloor and create an atmosphere.

**Clients choice of songs** - TGC like to send the client their full songlist that they perform so that they can tick & list their favourites to be played on the night. Or the choice can just be left up to TGC

**Public liability insurance** - TGC are insured through the Musicians Union.

**Quality equipment** - Although nothing can be absolutely guaranteed when electrical equipment is involved, TGC provide reliable top quality equipment which is regularly maintained.

**Over 20 years experience** - TGC offer over 20 years professional experience - playing in many different circumstances & to all kinds of audiences.
