

The Groove Company

Clippings

The Groove Company have received many commendations & letters of appreciation from past customers, some of which are displayed below. They have also been reviewed in many industry journals, extracts from which are also shown here.

"we were so pleased with the performance of Groove Company. They performed an excellent range of music that involved every age group and were extremely punctual, friendly and speedy in setting up ..."

"What can we say except you were all 'fantastic'. Everyone said that you were an excellent band and as soon as you started playing nobody stopped dancing until you stopped."

Bringing the first half to a close was top function band, The Groove Company. I can imagine this amazing outfit in any top venue, catering for all ages. Consisting of three lads and an extremely talented young lady on saxophone and vocals, they are suitable for easy listening or dancing the night away.

Former Variety Club award winners as best showband in Jersey, with top cruise and holiday park residencies over recent seasons, the Groove Company raced non-stop through an exciting set. Cheers followed every number as the girl and three boys demonstrated a wealth of musical abilities covering vocals, keyboards, saxophones, bass and drums.

Thank you for providing such superb entertainment. Everybody had a brilliant time & you guys provided the perfect finish to a perfect day.

Many of the attendee's said what a great band. I have never seen so many people on the dance floor.

Your set list was excellent and got everyone dancing. The quality of your sound was fantastic and commented on by all.

When I read all those slushy reference letters from happy past clients of yours, I thought they were a bit over the top, exaggerated & you had obviously paid them to say what they did, & now I'm about to write one just the same. You were absolutely spot on & sounded far better than we ever expected. Presumably the proof of the pudding is the fact that I can't remember a moment when the floor was not heaving with bodies.

If you're booking a band for your wedding reception, then it's a good idea to start looking as early as you can. The band will have a significant impact on your reception's atmosphere. I had the contract signed about eight months before our wedding.

We listened to a handful of demo tapes & watched a couple of bands play before choosing THE GROOVE COMPANY. Their playlist strongly reflected our own taste in music, they could perform songs to suit everyone - important, as we hoped to get many of our guests on to the dancefloor - and, crucially, they really listened to what we wanted.
